

ONGOING TECHNICAL SKILLS MEMBERSHIP

The Skills Lab, *measurably better* every two months.

A structured technical development membership built around one player. Yours. Two coached sessions a week, a written Skills Report Card every two months, and a plan that never runs out.

• Enrolling now · starts August 3

4 to 6 players per session

16 memberships only

Irvine + Tustin

WHAT SKILLS LAB IS

A development system, not another lesson.

Most skills sessions are one-off ice time with a rotating cast of skaters. Skills Lab is the opposite: a small group, a long horizon, and a written plan that follows your player for as long as they train, in season and offseason.

4-6

Players per session

2

Coached sessions a week

6

Report cards a year

The usual path

- ✗ Ten to fifteen skaters a lesson, so almost no one-on-one time at a premium price.
- ✗ No roadmap. Inconsistent lessons produce random, hard-to-see results.
- ✗ Off-ice is an afterthought, and players are left to figure it out alone.

The Skills Lab way

- ✓ Four to six players, about \$40 a session, a fraction of a typical private-lesson rate.
- ✓ An individualized curriculum with a written Skills Report Card every two months to prove it.
- ✓ On-ice at Great Park Ice and hybrid off-ice at Heritage Park in Tustin, handled every week.

Skating · Puck control · Passing · Shooting · Hockey IQ

THE MEMBERSHIP

What you get, every month.

Weekly on-ice skills session

Small-group sticktime at Great Park Ice, with two to three time slots to choose from each week.

Weekly hybrid skills session

Off-ice technical work at the Heritage Park outdoor rink in Tustin, again with two to three slots.

Accelerated Development Curriculum

An individualized long-term plan, mapped session by session, that keeps going instead of ending.

Skills Report Card

Every two months, a written progress report: where your player stands, what changed, what is next. Six a year.

Monthly Hockey IQ Workshop

Players bring a game clip and Coach Tony breaks down decisions, closing the gap between practice skills and game performance.

Hockey Skills Accelerator included

The full online platform: every skills course, both workout libraries, NHL comparisons and the community.

Hockey Homework

Customized work between sessions, tied to the current focus, so development does not stop at the rink.

Private player portal

Curriculum, tutorials, homework and report cards, all in one place.

New member bonuses. A baseline skills assessment with a written report card on day one, the Game Transfer System video method, and the Hockey Parent Guide. Your founding rate never rises for as long as you stay enrolled.

PROOF, IN WRITING

Three promises, on paper.

Youth hockey asks families to pay first and hope for the best. Skills Lab works the other way: the proof is scheduled, and the promises are written down.

The Skills Report Card guarantee

A written report every two months documenting where your player started, what changed, and what comes next. If a report is missed, that month is free.

The first two weeks

If you do not think this is the best-coached ice your player has been on, say so and the deposit and first month are refunded in full.

The no-lock-in promise

Membership is month to month and you can cancel anytime. No season-long contract, unlike almost everything else in youth hockey.

HOW A YEAR RUNS

Coached sessions	2 per week	Skills Report Cards	6 per year
Delivery weeks	48 per year	Hockey IQ Workshops	Monthly
Blackout weeks	4, published ahead	Session cap	4 to 6 players

THE MEMBERSHIP

One membership, everything included.

\$349 / month

Ongoing membership. A \$99 deposit reserves your spot and is credited toward month one.

[Reserve your spot →](#)
